--	----------------------------------

PROJECT EXPERIENCE

Make easy

Web-based Minor project

- As a minor project in My 3rd year, we created a web-based project named “Make easy”, simply put It is a web-based application that enables millions of underprivileged and unorganised blue-collar workers to find local employees, free of cost, directly from employers close to them, without involving middlemen. In turn, the platform makes it easy, quick, reliable & affordable for employers to hire nearby blue-collar workers, again without involving middlemen.
- The technologies used are HTML, CSS, javascript, and SCSS.
- I learned some crucial concepts of JavaScript as well as CSS during the project.

Portfolio website +4 Small Projects

Web-based Portfolio project

- I've built a portfolio landing page and different types of product landing pages as a beginner in web development. I'm also working on a landing page for my university club.
- The technologies used are HTML,CSS, javascript, and some basic concepts of React.

LEADERSHIP EXPERIENCE

Rotaract Club SVVV <i>President</i> <ul style="list-style-type: none">• As the President of Rotaract, I am responsible for ensuring a smooth transition at the changeover, running quality meetings every week, and ensuring the club's good health and operation as a whole.• Rotaract organized many donation drives and webinars, enabling me to develop confidence in public speaking.	Indore (MP) <i>2021</i>
---	-----------------------------------
